THE PERFECT PARTNER. FOR YOU AND YOUR LAND.

Technically, it's just a piece of land. But to you, it's so much more. It's your farm. Maybe you have horses. Or just wanted a property ideal for hunting. Either way, you work hard to make sure it's perfect. Digging, mowing, hauling, landscaping, snow removal. There's never not something that needs to get done. And get done right.

That's why it's so important to choose a partner that'll work just as hard as you do: the 1700M Series, the next generation of compact tractors from Massey Ferguson®. Tractors with a powerful Tier 4 Final Shibaura® diesel engine that doesn't need a diesel particulate filter (DPF). Your choice of transmission. A comfortable seat and cab. And the ability to handle virtually any attachment or implement your land requires.

THIS IS YOUR LAND. AND THIS IS YOUR TRACTOR.
